This page provides general background and more recent instructional design work. It also includes a link to a publicly accessible Canvas course containing additional work examples. I shared this web page with the hiring team.

Web Page 2

astermedia.org/uf-con2

I created this page after reviewing the College of Nursing's strategic plan and reflecting on my past work. This page shares my Competency-Based Education (CBE) experience along with other relevant examples. You'll also find a video update on ChatGPT and OpenAI's increasing focus on healthcare.
